About Me

Use Cordova Smart Class Software on the smart board in class to make learning enjoyable. Encourage the children to talk about themselves, their friends and families. Ask them to tell the class about their interests and hobbies.

1. My name is

2. I am a (boy/girl)

3. I am years old.

4. My **mother's** name is
.....

5. My **father's** name is
.....

6. The name of my **school** is

7. I am in class **section**

8. My **telephone number** is

9. My **birthday** is on

10. is my best friend.

Paste your
photograph
here.

Our body is a living machine. It is made up of different parts. Look at the picture given below. It tells us the names of the different parts of the body.

Our Body Helps Us

Each part of our body does some work.

Look at these pictures. They show what our legs and feet do.

stand

kick

walk

jump

run

skip

Fill in the blanks with the correct words. One is done for you.

I use my
legs and feet
to

stand

Let us see what our arms, hands and fingers do.

eat

write

hold

lift

carry

throw

paint

draw

EVS-1

Fill in the blanks with the correct words. One is done for you.

I use my hands to

eat

We should take care of the different parts of our body to keep them in good condition.

DO YOU KNOW

1. Our nails grow all the time.
2. The skin at the bottom of our feet is the toughest.

Exercises

(Use Cordova Smart Class Software on the smart board in class to do these exercises.)

A. Tick (✓) the correct answers.

1. Which of the following is not a part of your body?
(a) hand (b) leg (c) pencil
2. If your hands are tied behind, you will not be able to
(a) run (b) speak (c) hold books
3. If your legs are tied to a chair, you will not be able to
(a) speak (b) eat (c) walk
4. We have ears.
(a) one (b) two (c) three
5. We have hands.
(a) two (b) one (c) three

- A. Stand in front of a mirror and name the different parts of your body.
B. Help Rajesh reach his home.

We have five sense organs. They are eyes, nose, tongue, ears and skin.

eye

nose

tongue

ear

skin

Our eyes help us to see things around us.

We have two eyes.

Our nose helps us to smell things.

We have one nose.

Our ears help us to hear sounds.

We have two ears.

Our tongue helps us to taste food. We have one tongue.

Our skin helps us to feel. We have skin all over our body.

These five sense organs are very important to us. They are like our best friends.

DO YOU KNOW

The skin on our eyelids is the thinnest.

We must take care of our sense organs.

Exercises

(Use Cordova Smart Class Software on the smart board in class to do these exercises.)

A. Tick (✓) the correct answers.

1. Which sense organ tell(s) us that the telephone is ringing?

(a) ears

(b) skin

(c) tongue

2. Which sense organ tell(s) us that the...

Play A Game:

- A. Cover your friend's eyes with a handkerchief so that he/she cannot see. Put things like grapes, apple, lemon, salt, sugar and bananas on a table. Get your friend to taste one thing at a time and ask him/her to guess what it is.
- B. Collect a few things that have a strong smell, such as garlic, onion and rose. Ask your blindfolded friend to smell one thing at a time and tell you what he/she thinks it is.
