

**Subject -Chemistry**

**Class-12<sup>th</sup>**

**Topic– Holiday Assignment**

1. Complete your given assignment.
2. Do question and answer of all chemistry chapters with the help of e solutions of rbse.
  - A. Polymer.
  - B. Biomolecules.
  - C. Chemistry in everyday life.
  - D. Stereo chemistry
  - E. General principles and processes of Isolation of elements
3. Write file on one topic for your board examination. (6 to 7 pages)
  - A. Defects in solids
  - B. Conductor semiconductors and insulators
  - C. Catalyst
  - D. Structure of genetic molecules.
  - E. Uses of polymer
  - F. Analgesic and antiseptic.
  - G. Artificial sweetener and food preservatives
  - H. Vitamins and deficiency
  - I. uses of d and f block elements.
  - J. Colloids
  - K. Magnetic properties of solids
  - L. Primary and secondary cells
  - M. Fuel cells and corrosion.
  - N. Soap and detergents and suspension
  - O. Uses of group 15 and 16 elements of p- block.
