 (c) if they ate beetles

- Do you think people also find birds funny? Why/Why not?
- Give two more rhyming words for each on your own.

(a) wingsthings.....	swing	string
(b) jayday.....	hay	way
- Find out what is the colour of a jay and a robin.
- Draw a bird and colour it. H.W. 8/8

6. Bird Talk (Poem)

FROM THE POEM

In the poem, the two birds, robin and jay, are talking about how the humans are different from them. Due to the differences, the birds find the people around them to be funny. They ask each other to have a proper look at the humans and notice the way they grow. They find that humans don't have feathers and wings like them. Their eating habits are also not similar as they do not eat beetles and other insects like them. After carefully watching humans, they also notice that humans do not like to sit on wires and things like they do. They think hard and finally come to the conclusion that humans are strange and funny people as they do not look, eat and live like them.

Through the poem, the poet wants to convey the message that all living beings have been created by the same force but they all are different and unique in their own way. We may find them strange and funny but one must learn to appreciate the differences and respect the uniqueness.

Answer the following questions.

1. The poet of the poem is Aileen Fisher.
2. The two birds that I have seen are sparrow and pigeon.
3. People do not eat beetles and they do not sit on wires and things.
4. The two birds were sitting in the garden one day.
5. (a) if they grew feathers
6. No, people do not find birds to be funny. Every creature is different from one another and unique in its own way. People find birds to be beautiful, colourful and cheerful creatures.

7. (a) swings, strings (b) hay, way
8. Robin is a shade of brownish while a jay is pinkish-brown in colour.
9. Students will draw a bird and colour it.
