- The invention of wheel ..... brought a revolution in transport.

## C. Write the names of the following means of transport on the dotted lines.

1. elephant safari

2. camel ride

3. Horse ride

Learn and write the following question and answers-

Very short answer question.

Q1. Name 2 animals used in transport today.

A1. Elephant and camel.

Q2. What are the main modes of transport during Sunita's grandfather's time?

A2. Camel Cart and Bullock Cart.

### **Short answer questions.**

#### **Q1. How did the invention of the wheel bring about a revolution in transport?**

A1. The invention of the wheel brought a revolution in transport and carts fitted with wheels were used to carry people and goods from one place to another. These carts were pulled by animals.

#### **Q2. What is a horseshoe? How is it helpful?**

A2. A horseshoe is a U-shaped structure made of iron and it is used to protect the hoofs of animals like ox and horse.

### **Long answer questions.**

#### **Q1. Why is the camel called 'Ship of the desert'?**

A1. Camel is known as ship of the desert because it is well adjusted to the desert condition. It can stay without water and food for several days and can withstand the heat of the desert. It has long legs to travel large distances.

#### **Q2. How should we take care of animals?**

A2. We can take care of our domestic animals in the following ways.

- (a) Giving them proper food and clean drinking water.
- (b) Giving them proper shelter.
- (c) Keeping them clean by giving a bath regularly.
- (d) Taking them to a veterinarian for treatment when they are ill.

#### **Q3. Means of transport have made our life easier but they also cause pollution if used without care. How can you, as a student, help to reduce pollution?**

A3. As students, we should create awareness about the air pollution caused by vehicles. We can achieve this by putting up posters, banners, charts, models, etc., displaying the hazards caused by smoke of vehicles and the diseases caused by them. The use of cleaner fuels like CNG should be encouraged and modern means of transport should be used only for long distances. We must try to travel on foot or bicycle as much as possible.
