FROM THE STORY Oral 1. I am a good footballer but sometimes I extend my playing time. (Students will give their own views.) 2. Once upon a time, there was a water bearer. He had two pots and he used them to supply water to his mistress' house. One of the pots had a crack in it and it felt sad about it. One day, the water bearer asked the pot the reason for its sadness. The pot answered that it felt sorry of its flaws due to which the water bearer didn't get full value for his effort. The water bearer asked him to notice the beautiful flowers along the path. He told the pot that he had planted the flower seeds on that side of the path over which the cracked pot would be carried when full. Every day, while they walked back, the cracked pot watered the flowers. He used those flowers to decorate his mistress' house.
